WAR TAX ACT  
NOW GOES TO  
LOWER HOUSE

With Senator Gronna Opposing  
It Passed Senate Last  
Night

PROVIDES FOR LEVY OF  
MORE THAN TWO BILLIONS

Liquor, Tobacco and Public Util-  
ities Are Hardest Hit in Mea-  
sure

Washington, D. C., Sept. 11.—The war tax bill was back again in the hands of the house following its passage last night by the senate. The measure passed the house May 23, and now goes to conference. The senate added more than \$500,000,000 to the bill. It is hoped that the differences between the two houses may be settled within two weeks, after which the bill will be laid before the president for his signature.

The senate approved the bill, 69 to 4, the negative votes being cast by Senators Borah, Gronna, LaFollette and Norris. The action came after the high tax group had again sought in vain to secure the adoption of Senator LaFollette's substitute to raise \$3,500,000,000 more taxes.

The war bill provides for a levy somewhat under \$2,400,000,000 as compared with \$1,867,870,000 proposed in the bill as it passed the house May 23. The vote was 69 to 4. Senators Borah, Gronna, LaFollette and Norris being recorded in opposition.

The great bill, nearly four months in the making, will be returned to the house tomorrow and it then goes to conference with enactment within 10 days or two weeks probable. Senators Simmons, Stone and Williams, democrats, and Penrose and Lodge, republicans, of the finance committee, were appointed the senate's conferees.

Awaiting the senate in the final struggle over war fiscal policies, is the \$1,500,000,000 credits bill, which passed the house unanimously and upon which work will be begun tomorrow by the senate finance committee. Of the \$2,400,000,000 new taxes provided in the bill for the duration of the war, \$842,400,000 is to be taken from incomes, corporate and individual, and \$1,557,600,000 from war profits. Most of the remainder is levied on liquor, tobacco and public utilities.

Insurance Bill.  
Work on the soldiers' and sailors' insurance bill continued in the house today with the democratic leaders determined to resort to a special rule to end debate before the close of the day's session.

LEAGUERS EXPECT  
FARGO MEETING TO  
BE BIGGEST EVER

Great Plans Being Made for Pro-  
test Conference Called by

President Townley

WELCOME AGENTS.  
St. Paul, Sept. 11.—President Townley of the Non-partisan league would welcome government officials to the convention of consumers and producers to be held here Sept. 18.

In stating the position of the Non-partisan league in calling the conference, Mr. Townley said: "It is a patriotic and sincere effort to cooperate with the president in winning the war, and in preventing exploiters of the people from making undue profits. No special privileges sought for any class, merely an equal opportunity for all and more light on the situation."

Fargo, N. D., Sept. 11.—What is expected to be one of the largest gatherings of farmers and consumers ever held in Fargo, will meet in the auditorium in Fargo next Monday to discuss the relation of the price of farm products on the farm and the cost of it to the ultimate consumer. The city of Fargo has donated the use of the auditorium for this event.

Hundreds of farmers and business men from all parts of the state of North Dakota and western Minnesota have already written the North Dakota headquarters of the Non-partisan league that they will be here to take part in the discussions. Noted food experts, state and national, have been secured to speak on the various subjects touching on the cost of production on the farms and price now received, with its relation to the present high cost of living.

Object of Meetings.  
President A. C. Townley of the National Non-partisan league will be present. (Continued on Page Three.)

American Destroyers Believed to  
Have Sunk Six Submarines Off  
Coast of France on September 5

## TWO SHIPS ARE LOST

Sinking of U. S. Craft Not Accompanied by Loss of Life  
Is Report

NAVY DEPARTMENT GIVES  
ONLY MEAGER DETAILS

DANIEL'S STATEMENT.  
Washington, Sept. 11.—Secretary Daniels announced late today that a typographical error in the cablegram describing the encounter between the steamer Westwego and hostile submarines had made it appear that six submarines had been sunk and that in fact the report said one of the submarines probably had been destroyed. Secretary Daniels late today issued the following statement:

"My attention has just been called to a serious error made in transcribing the report of the attack made on the Westwego and other vessels. I gave the report to the press this morning exactly as it was presented to me, stating that two of the submarines attacked were sunk and probably all the submarines were lost. The cablegram, I now find, stated 'one' of the submarines was probably lost."

Washington, Sept. 11.—American destroyers are believed to have sunk six hostile submarines off the coast of France, Sept. 5, while conveying a fleet of merchantmen from the United States. Two ships were lost, but it is reported without the loss of life. Meager reports to the navy department today giving a brief account of the fight, were transmitted from the United States tank steamer Westwego, one of the ships which survived the attack.

No Details of Fighting.  
The merchant fleet of which the Westwego was one, was en route to Europe, from the United States, when attacked. The vessels were under way, but no details of the fighting were included in the report received. No loss of lives were reported nor were the names of the two ships sunk included in the dispatch. It is not even known whether they were American ships or not. The navy department has called for further information.

Following is the navy department's statement:  
"The navy department has received reports from Paris which state that the steamer Westwego reports on Sept. 5 that, while cruising with several other ships, they were attacked by six submarines, off the coast of France, Sept. 5, the result of this attack being that two of the steamers attacked were sunk and probably all the submarines were lost. Actually stated that American destroyers were conveying the ships, it is believed to be the fact."

It was announced recently that a policy of conveying fleets of merchant ships across the Atlantic had been adopted, and since the Westwego and the other merchant craft, which were the objects of the submarines' attack, were bound for Europe, it is regarded more than probable that American warships guarded them.

American warships have all been equipped with depth bombs for fighting submarines. This weapon has been highly perfected by American (Continued on Page Three.)

DR. STRAYER OF  
COLUMBIA TO BE  
N. D. E. A. SPEAKER

One of Country's Foremost and  
Most Popular Educators Pro-  
cured for Convention

Dr. G. D. Strayer of Columbia university, one of America's foremost educators and most popular lecturers on educational subjects, will be a headliner at the annual convention of the North Dakota Education association, to be held in Bismarck a full week in November. W. E. Parsons, secretary of the association, announced today.

The program for this big meeting, which will bring to the Capital City between 1,700 and 2,000 instructors, is gradually taking form and will be announced probably next week. Dr. Strayer, who took South Dakota by storm when he addressed its state education association last year, will be but one of a number of speakers of national celebrity. A number of entertainment features are being planned, among them some music events of a steller nature, under the auspices of the Thursday Musical club of Bismarck.

Two or three nights of grand opera have been suggested, and it may be possible to offer this special attraction for the benefit of the city's hundreds of guests.

Heavy Frosts  
In Northwest;  
N. D. Escapes

Minneapolis, Minn., Sept. 11.—There were light to heavy frosts last night throughout Minnesota, Wisconsin and Michigan, and light frost in Iowa, according to an announcement made by the local government bureau. There was no frost in North Dakota last night. The frosts were not nearly so severe as on the preceding night, and only small damage was done, it was stated.

ADMIRER OF GRAND  
DUCHESS SHOT COURTIER

This is another of the series of articles by Charles Edward Russell, staff writer of The Tribune, who has just returned from Russia, where he spent three months as a member of the official United States commission to the new Russian government.

By CHARLES EDWARD RUSSELL.  
(Copyright, 1917, by the Newspaper Enterprise Association.)  
"I don't know anything that better illustrates the utter futility of the old system in Russia, the system the revolution scrapped forever, than the amazing story of Rasputin."

Here was a moral idiot, a creature of the most depraved instincts, ignorant, brutal, an arrant knave and traitor, and yet under the old system he came to be the actual ruler of all Russia.

He put men up and pulled them down, determined policies, held in his hand the nation's destinies. His power was without limit, except his own fear of the assassin. He proved the truth of the old description of the Russian government under czarism. It was "a despotism tempered only by assassination."

All of the government was controlled by the czar, the czar was controlled by the czarina, the czarina was controlled by Rasputin. Rasputin—this world will be much older than it is now before it forgets that sinister and historic figure. He has put in the shade all the king's favorites that ever were written about. He played a game that makes theirs look like matching pennies.

Men in all the ages to come will wonder as much about this figure as about his almost incredible career. Glittering Eyes.  
He was very tall, lank and somewhat swarthy, with long black hair that he kept offensively oiled and wore smoothed down on the top of his (Continued on Page Six.)

OFFER TO SUBMIT ALL  
RECORDS AND BOOKS

New York, Sept. 11.—James H. Maurer, chairman of the executive committee of the People's Council of America for Democracy and Peace, made public last night a letter sent to Attorney General Gregory, inviting the department of justice to investigate the affairs of the council. An official investigation is desired, the letter stated, to set at rest "malicious attacks made upon us from outside sources," and added:  
"We are ready to submit for your inspection all our books showing the sources of our income and the nature of our expenditures, also, our correspondence, minutes of our general and executive meetings, material bearing out our methods and such additional data as may aid you in making a thorough investigation."

COLD SNAP DUE  
TO BREAK SOON

Washington, D. C., Sept. 11.—The present cold snap, extending from the Mississippi eastward to the Atlantic coast and south as far as Virginia is expected to moderate by Wednesday, when the weather bureau predicts a general rise in temperature will be felt.

There were frosts this morning from the upper Mississippi valley eastward to the New England states and as far south as the District of Columbia. Considerably warmer weather was being felt today than on Monday, everywhere east of the Mississippi, except in the Ohio valley region.

Continuance of fair weather, will prevail today.  
TROOPS ARE SENT.  
Chattanooga, Tenn., Sept. 11.—Two troops of cavalry and a machine gun company from Ft. Oglethorpe, Ga., were rushed here early today in response to an appeal from city and county officials who were unable to cope with the street car strike. The presence of soldiers quieted the situation.

DASHING YOUNG LADIES ON  
THE DOT AT TICKET

Jamestown, N. D., Sept. 11.—Ten young ladies yesterday started work learning the dots and dashes at the Northern-Pacific school of telegraphy, for girls only.

Misses Bessie Dailier, Agnes Ydile, Fannie Cadieux, Erma Ingalls, Iona Bolton, Edna Anderson, Ida Brown, all of Jamestown, Irene Nelson, Anna Pefaur and Hilda Thorpe, all of Stoll, are enrolled in the first class of this kind ever attempted by the Northern Pacific here.

D. J. Vincent, train dispatcher at the local division, is acting as instructor. Chief dispatcher Gillette superintending the work.

The young ladies will be given thorough training to enable them to take the place of men dispatchers called to service. It is expected three months' training will make them proficient, when a second school will be started.

Grand Military Ball to Be Given in  
House Chamber Friday Ev.

GOVERNOR AND OFFICERS  
WILL LEAD GRAND MARCH

The house chamber of the state capitol Friday evening will be the scene of the most brilliant military ball in the history of North Dakota. Bismarck Lodge, No. 1198 Elks, will be hosts. The entire state is invited to furnish the guests. The grand march will be led by Governor and Mrs. Lynn J. Frazier, and will be participated in by the governor's military staff and by the commanders of North Dakota's two regiments and their staffs. Music will be furnished by the Second regiment band of Harvey. The state house will be dressed as it never has in the past, and the event is expected to exceed in brilliancy even the old-time inaugural ball, which were events to which the entire commonwealth looked forward. The house chamber floor will be cleared. The speakers rostrum will be banked with flags as a bower for the band. The galleries will be reserved for spectators. Dainty refreshments will be served during the evening. Every detail is being carefully supervised. Plans are in the hands of capable committees embracing the entire membership of the Bismarck lodge of Elks. Every Elk in North Dakota is named a committee of one to spread the good news and to assist in stimulating attendance. Tickets will be \$5 per couple. Spectators will be admitted to the galleries for fifty cents. All proceeds will be applied to the mess funds of North Dakota soldiers. The Elks have set \$2,000 as the goal. They believe it will be easily realized. The house chamber will comfortably accommodate 500 couples for dancing.

## GARDENS CLEANED OUT.

Duluth, Minn., Sept. 11.—A killing frost occurred here last night. The frost last Sunday again cleaned out gardens and caused potato growers to look underneath, and the discovery was made that this is a potato year with larger tops than ever before. Rutabagas, beets and turnips were unharmed.

## ISSUES STATEMENT.

London, Sept. 11.—The Swedish foreign office, according to a dispatch from Copenhagen to the Exchange Telegraph company, has issued the following statement regarding the Swedish-Argentine legation.  
"The Swedish foreign office has received no account regarding the transmission of the telegrams mentioned in the statement of the government of the United States, and Sweden therefore is unable at present to determine what its position should be on the questions opened up by these statements."

It is, however, accurate to say that just after the world war broke out the Swedish foreign minister expressed the opinion that he ought to transmit a German telegram concerning the civil population of Kiau Chow (the former German fortress in the Chinese peninsula of Chang Chung).

TROOPERS SENT TO  
DISPERSE BANDITS

Laredo, Tex., Sept. 11.—In response to a call for help against bandits at Dorcas Creek, 28 miles south of here, just before last midnight several truck loads of soldiers and many on motor cycles left for the place. No reports of a clash had been received here early this morning.

NORTH DAKOTA DOING HER

TO RESPOND LOYALLY

"In the war crisis through which our nation is passing North Dakota is doing her bit, and will continue to respond loyally and unselfishly as the needs of our country may require," says Governor Lynn J. Frazier in a proclamation issued late yesterday afternoon calling upon the state to assist in the founding and maintenance of war libraries.

## WOULD TRY OFFENDER

Announced That One Steamer Ar-  
rived in Port After Message  
Was Sent

NO ACTION WILL BE TAKEN  
UNTIL OFFICIALS REPORT

Buenos Aires, Sept. 11.—News dispatches that passports may be handed the German and Swedish representatives in Argentina are declared by the foreign minister to be premature as the government is unable to consider such a procedure until it receives official details respecting the Washington revelation.

The foreign minister announced that the steamer Oran Guazo referred to in one of the messages sent by Count Luxburg through the Swedish legation to the German foreign office, arrived at French ports in June after Luxburg had sent his dispatch.

An Argentine patriotic society has issued a statement urging that Count Luxburg be tried for a criminal offense for inciting the assassination of Argentine's citizens. This action is impossible, as diplomatic representatives are immune from court summonses.

Statements to the same effect were made to the representatives of both belligerent groups without their being any question of Sweden taking over the interest of any powers.

As regards United States.  
"As regards the United States in particular, the United States minister here has this year in certain special cases demanded and obtained permission to transmit letters to and from Turkey, and at a time when Turkey was not in a state of war with America and when Sweden had not yet taken over the protection of American interests.

In the summer of 1915 the wish was expressed from the British side that the transmission of telegrams from Germany to North America should cease. No formal demand was made, but notwithstanding this the foreign minister, who was cognizant of all the negotiations, was of the opinion that this was no harm to the continued transmission of telegrams to neutral states, other than the United States and Argentina. Since then, Sweden has continued to be the intermediary for communications between Germany and Argentina.

Written in Code.  
"The telegram mentioned in the American statement was written in code. Whether its contents were as reported is a point which the first duty of the Swedish government must be to confirm, and its next action must be to get an explanation from Germany if it be found any misuse has taken place. Sweden will also, with regard to any reference made to her, take measures to prevent any recognition of the incident."

"No application as to the cessation of the transmission of telegrams from Germany to the Argentine public has yet been made, either by the British or American governments, either now or at an earlier period."

It is, however, accurate to say that just after the world war broke out the Swedish foreign minister expressed the opinion that he ought to transmit a German telegram concerning the civil population of Kiau Chow (the former German fortress in the Chinese peninsula of Chang Chung).

Deserts to Korniloff.  
Alexander J. Goukhoff, the Octoberist leader, who formerly held the position of president of the duma, chief of the munitions bureau, and minister of war and navy and interim, has gone over to General Korniloff.

M. Goukhoff left Petrograd Saturday for Russian field headquarters. A Petrograd newspaper announces that the constitutional democratic ministers relinquished their portfolios on the ground that the Korniloff affair was one for decision by the entire cabinet, and not by directorate. Trouble for the Kerensky government is threatened also by the Maximists. At yesterday's sitting of the council of soldiers' and workmen's delegates it was resolved that Premier Kerensky should be supported unconditionally.

Monday night the capital was quiet and traffic was normal. Savvinkoff has taken over the office of the military governor of Petrograd, in place of General Vaisilkovsky, resigned. Premier Kerensky, the commander on the Riga front, has not yet been commissioned chief of all the armies of Russia, which post was refused by General Iokomsky, on account of the impossibility of Kerensky reaching grand headquarters.

INTO CIVIL WAR  
Russia seems to be plunging into a civil war. News seems to show Russia going from bad to worse. In Petrograd, the provisional government, with the Socialists, now constituting the dominant, if not the sole element, still controls the situation.

On the other hand, General Korniloff, has a formidable array on his side.

Through a Swedish source today it was said a report that Premier Kerensky had been assassinated by a member of Bolsheviks, the extreme radical element, but there is no confirmation of the report, and Petrograd advices continue to mention the Premier's activities.

Meanwhile the Russian south of Bukovina have begun an offensive against the Austro-German lines. Berlin, which reports this movement, says the Russians obtained only local advantages.

A Russian message received here this afternoon and signed by the Russian prime minister states that the entire Baltic fleet, together with the staff officers, have unanimously placed itself on the side of the provisional government.

HOLD CONFERENCE.  
Petrograd, Sept. 11.—A council of all consuls and ambassadors, including those representing neutral countries, was held yesterday afternoon, at which a situation was discussed about which all information was later refused. Following the meeting ambassadors from the entente nations held a separate conference.

Petrograd, Sept. 11.—Premier Kerensky is having difficulties within the capital from the extremists of both sides. Following the ultimatum of General Korniloff, the whole Russian cabinet resigned, in order to give Premier Kerensky full action.

General Korniloff, in addition to refusing to abandon his command, ordered the arrest of M. Philominko, the government commissioner. The provisional government, besides arresting V. N. Lvoff, who brought Korniloff's ultimatum to the provisional government, took into custody 80 other persons.

Lieutenant General Stcherbatheff, commander of the Russian forces on the Roumanian front, has ordered his army and also the Odessa military district to take no part in the conflict, at the same time remaining true to the provisional government.

General Lemkin, commander of the Russian armies on the southwestern front, has telegraphed to Premier Kerensky that he intends to support General Korniloff.

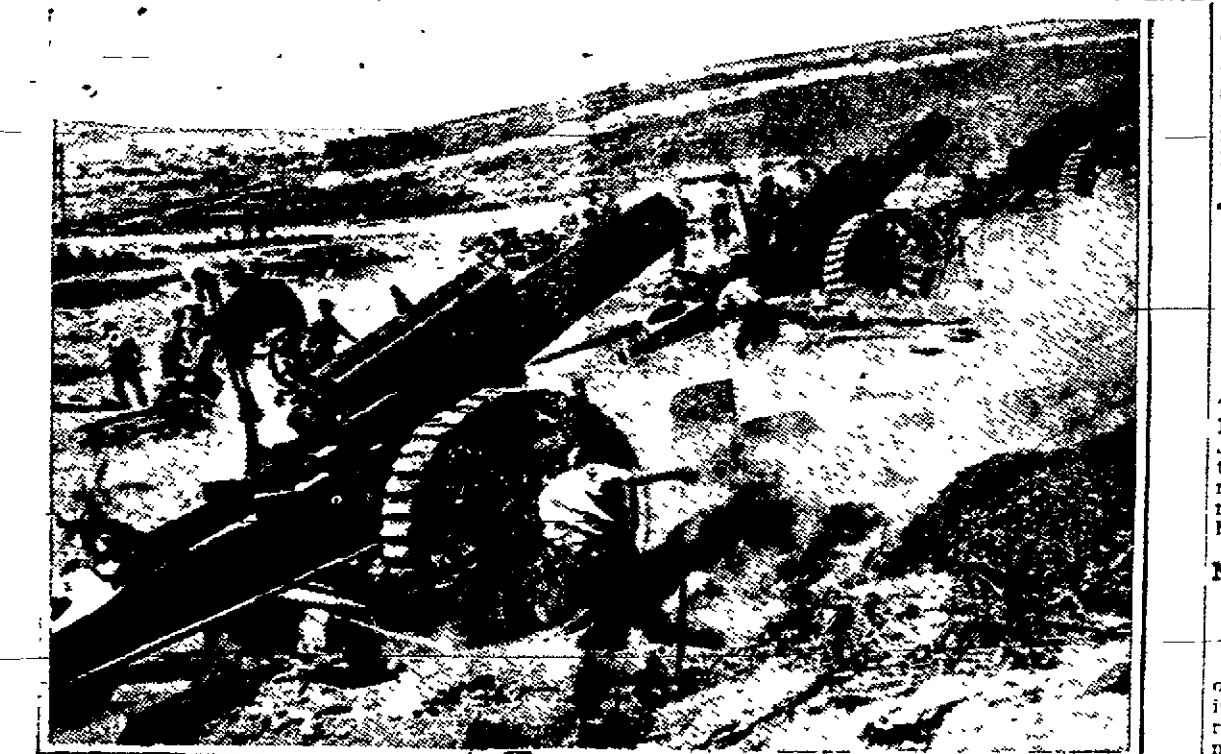

General Korniloff has ordered his troops to detain at railroad stations at Derna and Omeron and besiege the city of Petrograd. Government infantry still is moving out of the capital to oppose Korniloff's forces.

## STAGE SET FOR MISSOURI SLOPE FAIR AT MANDAN

Flying Machine and Other Events of Interest Promise to Attract Crowds

MORE THAN THOUSAND INDIANS TO PARTICIPATE

Mandan, Sept. 11.—The fair directors held a meeting yesterday afternoon in the office of Secretary Biggs. C. Granger, well known race horse man of Underwood was present and arranged to enter some horses at the fair which is to be held September 18, 19 and 20. Secretary Biggs advised a Tribune reporter last evening that all the race entries had been filled. Mr. Granger has promised to give an exhibition race with one of his best pacers, which he claims is one of the best if not the best horse in the state. The horse will run against the track record of 2:14. Mr. Granger expects to remain in Mandan now until after the fair.

Secretary Biggs leaves this afternoon for Fort Yates, where he is to make final arrangements with the Standing Rock Indian agent for the Indians attending the Missouri Slope fair. The Indians as usual will take no small part in the fair program. It is expected that at least 1,000 Indians will be present.

The fair is becoming more promising each and every day. The agriculture department will be especially fine as well as the live stock exhibits. The Semi-annual Buttermakers' convention will be held during the fair and it is safe to say that the butter exhibitions will be better than any butter exhibits ever exhibited at any fair in the state.

The flying machine exhibitions will be superb, as well as many other. A No. 1 exhibits the new fair association have arranged for.

## FORAGE SHORTAGE CAUSES A HEAVY MOVEMENT OF STOCK

"Never before in the history of stock shipments has there been such a demand for stock cars as there is this year," so said Supt. G. H. Jacobs of the Yellowstone division, who was in Mandan yesterday afternoon and this morning on official business. He continued:

"And that owing to the impossibility of getting hay and the vast shortage of ample grazing ground it has compelled the big stock raisers in Western Montana to ship early. Hundreds upon hundreds of cattle have passed over this division during the past ten days. It is impossible to supply the demand for cars on the Yellowstone division, so you can readily see how difficult it must be for superintendents on divisions in western Montana. On the north and south branches there is a call for something over seventy cars for a stock shipment today which no doubt will go forward to South St. Paul or the Chicago markets tonight."

"The early shipping is due to the fact that the market is strong and the probability of cold weather setting in together and hay shortages."

"I was talking to a cattle man, one of the largest stock raisers in the middle west, the other day, and he told me that he disliked to sell off so many of his cattle but he had no choice in the matter this year. Either ship or lose them for the want of proper food."

### NEW TRAINMASTER.

C. T. Sponsel, who for a number of years, was located in Mandan as roadmaster in charge of the north and south branches arrived in the city this morning and has assumed duties of trainmaster on the Yellowstone division, with headquarters in this city. Mr. Sponsel is substituting for Trainmaster John Wynn, who is at the present time in St. Paul attending to official affairs in connection with the eight-hour law arrangements recently put into effect by the Northern Pacific.

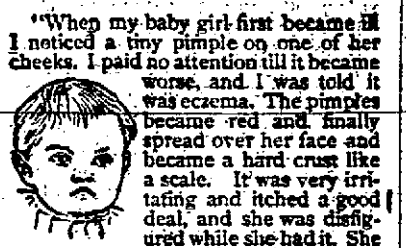

Mr. Sponsel is trainmaster of the fourth district of the Yellowstone division. He is making rapid advancement as a railroad official and his recent promotion is one of merit, Mandan people are pleased to see him back in the city, but are sorry to learn that his official duties here are only temporary. He expects to return to Forsyth as soon as trainmaster Wynn returns home.

Threshing at the state reform school is under way. Supt. Joseph M. Devine stated yesterday that while it was impossible to give out any acreage results this information will be forthcoming in a day or two. He expects the crops to turn out especially well. Threshing at the school will be completed by Friday evening. After threshing work will be started on the garden truck. The root houses have all been fixed up to care for the garden truck. Supt. Devine prides himself on having one of the best gardens of any in the state.

School in the Girls' department at the state training school commences next Monday. Supt. Devine stated to a reporter today that there are about twenty girls in the school ranging from the ages of eight to 20 years of age. Miss Myrtle Owens of Portage, Wis., arrived in the city yesterday and has assumed duties at the head of the girls' department at the school. Besides the general course of study

## WORN OUT MOTHER TELLS OF BABY'S PIMPLY ECZEMA

Became Hard Crust Like Scale. Very Irritating and Itched. Kept Awake. Cuticura Healed.

"When my baby first became ill I noticed a tiny pimple on one of her cheeks. I paid no attention till it became worse, and I was told it was eczema. The pimples spread over her face and became a hard crust like a scale. It was very irritating and itched a good deal, and she was disturbed while she had it. She kept me awake nights and I got discouraged and worn out."

"When I read of Cuticura Soap and Ointment I sent for a sample. I purchased more, and in six weeks she was healed." (Signed) Mrs. Robert Coppe, 160 W. Central Ave., St. Paul, Minn., August 28, 1916.

prescribed for the reform school, a class in domestic science and sewing in a practical way is to be followed this term.

The boys' department will not open school until after the fall work is disposed of. Supt. Devine stated yesterday he believed it would be at least another month before school in the boys' department would be opened. Teachers are all arranged for, and when it comes time to open school there will be no difficulty.

School opened in the Mandan City schools yesterday morning with a record-breaking attendance. The teachers all present, new school ready for use, the new school term opens most encouragingly. Supt. Love stated that last evening that there is no question but that one of the largest attendances ever had in the Mandan city schools, the Central, Dillway and the Custer school attendances are much larger than a year ago.

The Mandan Ladies' Auxiliary to Companies F and I will be organized in the Mandan Commercial club rooms next Friday afternoon. The meeting is called for 2:30 o'clock promptly and it is especially urged that as many as possible attend the meeting. Captain Wilson of Co. F expects to be in Mandan to attend the meeting and give the ladies a talk along the line of the work of the ladies' auxiliaries. At the first meeting held last Saturday afternoon Major J. M. Hanley delivered a most interesting and instructive talk along the same lines as Captain Wilson will give next Friday afternoon.

Banker Hallenberg of Carson, was in Mandan today attending to business matters. He returned home this afternoon.

Miss Cora McVey, who had been in Mandan over Sunday the guest of her parents, Mr. and Mrs. Sam T. McVey, returned to Glendive last evening to resume her duties as abstractor in the Montana Loan & Title company office.

Mrs. Paul Heckert and children, who had been visiting with relatives and friends in various cities in Minnesota, returned home Saturday night on No. 1.

Edward Slaton was entered at the hospital Monday to receive treatment for a broken leg sustained in an accident which occurred the same morning. At last reports, he is getting along as well as can be expected.

Harold Wolfe, who was taken ill with a severe attack of gonorrhea, was taken to the Sisters' hospital in Breckenridge, Minn., Monday morning. He will undergo an operation sometime this week. Mrs. G. S. Wolfe, his mother, went with him.

Mrs. James Smith of this city, who was a patient in the hospital for a few days, was released from the hospital Monday morning.

Mrs. Helen Praest of Wilton, was entered at the hospital for a few days the fore part of the week.

Leo, small son of Mr. and Mrs. Morris Dennis of Center, was brought to the Mandan hospital Sunday. He underwent an operation for appendicitis that evening from which he is recovering very nicely.

Engineer and Mrs. Irve Wickham and son, returned home Monday morning on No. 4 from Miles City, where they had been the guest of Mr. and Mrs. Fellows for a few days.

Roland Mack resumed duties yesterday afternoon as carrier for the Bismarck Tribune succeeding Emmet Regan, resigned.

Albert Anderson and family autoed to Mandan a few days ago and spent until last evening in the city the guest of Mr. and Mrs. Gust Olson. They returned to their home in Almont via automobile.

## RICH FINDS LATE REPORTS SHOWING CROP BETTERMENT

### Wheat Will Run Better Than Average in Eastern Third of North Dakota

### MONEY RETURN FROM HARVEST TO BE BIG

By JOHN H. WICH  
Chairman and Federal Reserve Agent.

Minneapolis, Minn., Sept. 11.—As frequently happens in a dry year, the final crop reports from the Ninth Federal reserve district are proving to be somewhat more encouraging than might have been expected thirty days ago. There can be no question about the prospect of Wisconsin, Minnesota and South Dakota. Wisconsin and Minnesota are harvesting crops that are as large as any that have been previously produced. South Dakota will doubtless show a total production this year that will be somewhat in excess of a good average year, in spite of the damage that occurred in the central and western portions of the state during June and July. The eastern one-third of North Dakota is threshing better than an average crop. The remainder of the state and the entire state of Montana shows much smaller yields but grain is being harvested that thirty days ago gave little hope of being worth cutting. Some of the wheat, although on very short

straw, has headed in good shape, and the quality is excellent.

In parts of Wisconsin, throughout all of Minnesota, in South Dakota, and the eastern portion of North Dakota, the outlook is for a considerable amount of good flax. A considerable part of this crop has already been cut, but very little of it has so far been threshed. In the western half of the district, there will be some flax that was sown in a month ago that will come through safely, although the total yields will be reduced as compared with a year ago.

Early potatoes yielded well, and late potatoes with a little more favorable weather, will be a good crop. South Dakota will have a surplus for shipment, and Minnesota, which is always a heavy shipper, will have a large supply this year.

While federal price regulation, as applied to wheat, has established a market that is lower than a great many farmers desired, the basis determined upon has put an end to the very uncertain marketing conditions, and will probably be accepted in the long run as a reasonable compromise between the demands of the grower and the equally insistent demands of the consumer. Wheat is beginning to move rapidly into terminals, and with excellent weather for threshing, the grain crops will probably be taken care of without suffering the damage that sometimes occurs from rain.

The money return from the crops will be large. The consensus of business opinion is that while there will be some localities, especially in the

What girl or woman hasn't heard of lemon juice to remove tan, freckles, sallowness and complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart of lemon

## POPULAR GLEN ULLIN GIRL VICTIM OF SAD AUTOMOBILE ACCIDENT

### Miss Anna Hertz, Aged 24, Instantly Killed When Car Turns Turtle

Glen Ullin, N. D., Sept. 11.—Miss Anna Hertz, aged 24, daughter of Jacob Hertz, prominent St. Joseph farmer, was fatally injured when a speeding automobile in which she was a passenger, turned turtle near this place Sunday afternoon. Miss Geiss, another occupant, was very badly injured, and Jacob Hertz, the driver, sustained injuries which necessitated his being placed under surgical care. Henry Hertz, a brother of the deceased, was also in the car.

Miss Hertz lived about an hour after she was brought to Glen Ullin. Funeral services were held this morning at St. Joseph's church. The accident is one of the saddest in the history of the community. The victim had spent practically all of her life here, and was immensely popular.

Almost at the same hour a hired

hand, who was driving Thomas Schrader's car, also from the St. Joseph neighborhood, was terribly injured when the car turned over, while running at high speed. He was brought to Glen Ullin, and there is some hope for his recovery.

## Rheumatism

A Home Cure by One Who Had It

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered—as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-sought-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.

**PAYING AROUND COUNTY BUILDING IS ORDERED IN**

Long Dead End in the Improvement of Public Buildings

by City Commission

**BUDGET FOR ENSUING YEAR IS INTRODUCED**

Resolutions holding the paving of the four blocks surrounding the Burlington county court house a work of necessity and directing the city engineer to prepare plans and specifications calling for payment with bituminous asphalt or standard specification aggregate block were unanimously adopted by the city commission in regular session last evening. This action, taken on the advice of the counsel for the paving committee, C. E. Young, breaks a deadlock which had existed more than a year between the city and county boards. The former declined to order the work in except on petition of the county board. The latter held a petition not necessary; argued that the county was ready to pay for its share of the improvement, and if the improvement was made without a protest from the county, the latter could be held for its payment. Commissioner Battery last evening reported an opinion from Attorney Young in which he inclined to the belief the county commission could be held, and he further advised that the county board had included in its annual budget \$400 for paving bond interest and an item of \$10,000, unassigned, but which would become available for the payment of paving assessments. Plans and specifications will be prepared immediately, and bids will be advertised for on the three forms of paving designated. The project must be handled as separate from No. 2 paving district, in the opinion of the committee's attorney. In order that the legality of the latter may not be questioned.

**Protest Against Paving.**

Attorney Ed Allen, representing some property-holders in the first district, appeared before the commission last evening a second time to protest against the payment of the bond. He urged the payment of the work done, alleging that affidavits in the possession of Attorney General Langer, but which the latter has declined to give up, prove that the concrete base was skimped by the contractors. Day Oke of the paving contractors followed Mr. Allen with a statement that the pavement had been tapped at various points not selected by the contractors and the base found to be one to two inches thicker than the contract called for. He pointed to the fact that the company's maintenance bonds protect the city in the event the base should be found defective, and asked that the final estimate be allowed. The commission regarded the company's bond as sufficient protection for the property-holders, and did not attach much weight to the affidavits, said to have been made by a contractor with grievances against the contractors, and by a man who have, for the most part, left the city.

**ARE OPTIMISTIC.**

Washington, Sept. 11.—Officials here think that the "Soldiers' and Workmen's" delegates advised the government was incapable of dealing with the situation. The arrest of certain persons, including V. Enrichkevich, a well known reactionist, under the old regime, is expected. In conversations with the Associated Press today, leaders of the Petrograd council of deputies declared that the provisional government's triumph over the "Soldiers' and Workmen's" delegates was entirely on its side, and that action of General Korniloff would result in a general strike, depriving Korniloff of all supplies and of all means of imposing his will on the rest of Russia.

**Budget Introduced.**

Finance Commissioner Battery introduced the budget for the ensuing year, which contains the following items:

Public Library, \$2,500; salaries, \$6,780; printing and stationery, \$1,400; street lighting, \$1,200; city engineer, \$720; street commissioner, \$1,500; street repairs, \$5,000; coroner, \$1,000; sprinkling, \$1,800; park maintenance, \$300. Total for general fund, \$17,350. Health commissioner, \$500; milk inspector, \$450; expense health department, \$300; city hospital well, \$400; hauling garbage, \$1,600; total health department, \$2,750. Fire department—Chief's salary, \$300; salary of firemen, \$300; custodian fire hall, \$1,200; care of team, \$12.50; 600. Total fire department, \$4,400. Police department—Chief, \$1,500; captain, \$1,200; policeman, \$500; special police, \$1,000; board of prisoners, etc., \$1,200. Total, \$5,500. Waters and sewers, \$3,350; needy poor, \$1,500. Total general fund, \$51,180. Interest and sinking fund, bonds, etc., \$14,340. Total to be levied, \$65,520.

**Crossing Protection.**

An ordinance introduced by Commissioner Battery authorizing the city commission to order suitable protection at any railroad crossing, on ten days' notice by resolution, was read for the third time and passed, and the city attorney was directed to prepare resolutions calling for gates at Third street and a watchman at Ninth.

**Must Move Barn.**

On advice from Attorney Miller representing the Northern Pacific that his clients must have the right-of-way now occupied by the municipal county barn as a site for the J. I. Case Co.'s new plant, the commission voted to sell the barn for \$200 to the county and give the latter the job of moving the structure to the new site offered by the railway company east of the stockyards.

The Fargo meeting will be followed by a three day session in St. Paul, the large auditorium in that city having been secured for that gathering. Prepare a quarter pint at about the cost of a small jar of common cold cream.

When this home-made lemon lotion is gently massaged into the face, neck, hands and arms daily, the skin naturally should become soft, clear and white, and the complexion dainty and attractive.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way: Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white; then shake well and you have a whole quarter pint of skin and complexion lotion at about the cost of one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle. When this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it naturally should help to whiten, clear and beautify.

Any druggist will supply three ounces of orchard white at very little cost; and the grocer has the lemons. In this sweetly fragrant lemon lotion ladies can easily prepare and have a luxurious toilet aid which perfectly satisfies their natural desire for a beautiful soft skin.

## SOCIETY

Bismarck R. C. Chapter Sends  
First Consignment to Washington

The Bismarck Red Cross chapter has sent its first consignment of knitted articles to the national headquarters. Although the chapter had only been working on this consignment for a little over a week, it was able to send nine pairs of socks, nine wristlets, two sweaters and one muffler. The work was only being organized when word came from the central headquarters requesting all articles finished. Besides sending the above the chapter was able to give an estimate of the next consignment, which will be ready in 30 days, as 100 pair

of socks, 60 mufflers, 60 sweaters and 36 pair of wristlets. Volunteer knitters are now busily engaged working on this amount.

Word from the national headquarters is that only yarn for socks can be furnished at this time, but additional supplies are being rushed here by local merchants as fast as possible.

The local chapter desires all knitted articles returned to the headquarters as soon as finished so they may be inspected and prepared for shipment to national headquarters.

INTERESTING NOTES ON  
RED CROSS ACTIVITIES

The Minot chapter of the Red Cross has made its first shipment of supplies to the national headquarters. The articles represent the work of the women of the last two weeks and was decidedly creditable. The consignment included eight and one-half dozen pairs of socks; one and one-half dozen mufflers; six sweaters and six pairs of wristlets.

A fall fashion show, which will be supplemented by a number of entertainment features will be put on in Grand Forks Sept. 18 and 19, in the Grand Theatre, as a benefit to the Red Cross chapter. This novel way of raising money for the Red Cross is sure to attract a large crowd.

Minneapolis is the first city of the northwest to start the junior Red Cross movement. A. R. Rogers, manager of the northwest division of the

national division is back of the movement. It is to be known as the school auxiliary to the Red Cross. Each member pays a membership fee of 25 cents. This entitles the children to wear a membership button and the auxiliary is entitled to display a special Red Cross banner. It is planned to make it a national body and arrangements are being made to organize a junior Red Cross auxiliary in every state in the union. The new organization hopes to become the channel for patriotic service and interest to the 22,000,000 boys and girls of school age in the United States. No part of the money raised by the school children will be used for any purpose except work in which the children will have a personal share. None of it will be used for chapter or general expenses. It will be used to purchase supplies which the children will make into Red Cross supplies. Mr. Rogers will get in touch with the

school authorities of Minnesota, North and South Dakota and Montana, the four states of his division.

**Degree of Honor Meeting.**  
The Degree of Honor will meet Thursday evening in the Knights of Columbus hall. Special business matters will be discussed. All members are asked to attend.

**Gift to Company 1.**  
Members of the Woman's Relief corps at a meeting held recently with Mrs. A. D. Corder of First street, presented five dozen dish towels and hemmed five dozen dish towels and presented them to Company 1. The corps is taking up considerable war relief work.

**For the Fullers.**  
Mr. and Mrs. W. W. Fuller, prominent residents of Mandan, will be honor guests at a dinner party given Thursday evening at the Mandan country club. The affair will be in the nature of a farewell as Mr. and Mrs. Fuller leave shortly for Fargo, where they will make their home. Following the dinner which will be served at 6:30, a musical program will be given under the direction of Mrs. B. S. Nickerson. This part of the program will be supplemented with cards and dancing. No cards have been issued but all members of the club are invited. Mrs. Fuller is

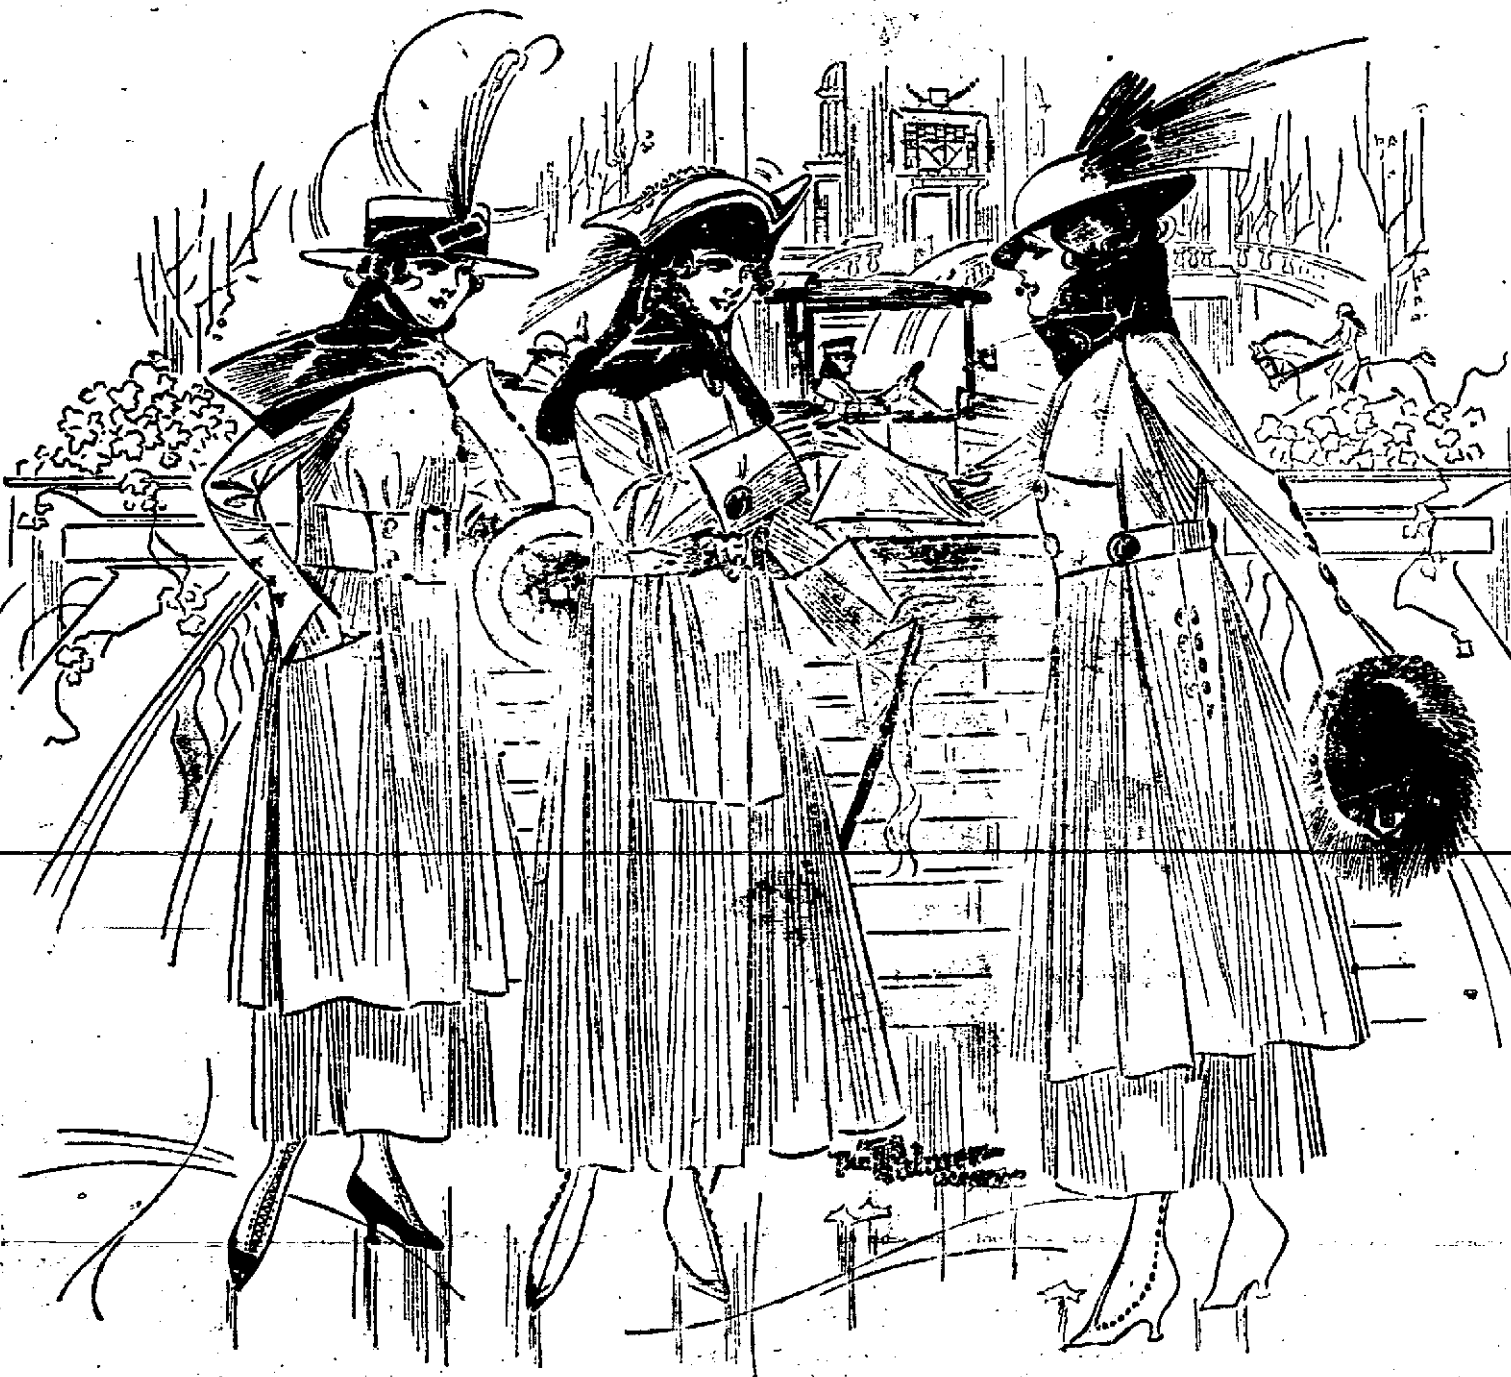

a prominent club woman and is a reader of note.

TO-MORROW  
WEDNESDAY

Will be the Opening Day of the  
Fall and Winter Season In  
Ready to Wear

Several weeks ago we advised our customers to defer their purchase of a Fall Garment until the middle of September, as it was impossible for us and other merchants to secure a complete line before that date. Now, however, the condition has changed. We have all our Garments in a complete array of styles, ranging in price from \$15.00 to \$200.00 sufficient in variety to satisfy the most exacting requirements—and cordially invite an early visit. **THERE IS NOT A BETTER TIME TO MAKE YOUR SELECTION. ASSORTMENTS CAN NEVER BE MORE COMPLETE.**

It Is a Wonderful Pleasure to  
Announce this Fall Opening

**REALIZING** the unprecedented conditions with which our country was confronted—knowing the advancing price tendency and even anticipating the declaration of war, we began long ago to contract for Fall and Winter merchandise on the most advantageous terms that were possible. There is one thing we *would not do* under any circumstance on our own volition—we would not buy goods of lower quality than the standard by which you know us. Fortunately, the manufacturers of the better grades, such as our customers want, had the same idea. Their reputation was at stake, so they maintained the same high quality. As the season advances, prices will advance in a measure. Right now they are as low as they will be during the existence of the war and without any hesitation, we recommend that you *buy—buy now.*

Usually, in announcing our formal openings, we ask you just to 'stop, look and listen,' and after convincing yourself, do your buying at your pleasure, but this is an unusual season and we advise that you buy as soon as possible—not for our protection, but for your own.

It is an undeniable fact that fabrics are advancing. The Government requires so much that many fabric mills have cancelled orders and will guarantee no deliveries to their customers, even at higher prices. **WE ARE VERY FORTUNATE IN HAVING SECURED A MOST REPRESENTATIVE STOCK OF COATS AND SUITS BEARING THIS WELL-KNOWN LABEL.**

*The "Palmer, Sunshine, Conde, Blackstone Sterling, Drezwel, etc. Garments"*

When you see these Garments you will know that they typify the Fall and Winter season and blend most beautifully with the falling leaves, the first few snow flurries, the smell of burning pine, the tang of the early frosts. And you will see in the ideas expressed, the boys who are fighting in France, the soldiers who are marching to victory, the men who are doing their part right here to conserve our resources. Little snaps of color here and there—an emblem that represents America—and, through all of it, garments that have actual individuality and very much comfort. These coats and suits are made under conditions just as strict—must pass inspection just as close—as the uniforms worn by your sons and brothers. In our line of Garments we offer you not only correct style, but perfect fit, individuality, genuine quality and most actual value.

It is impossible to show our wide range of styles in this page—we ask you to come during this opening, make your selections, and, if possible, make your purchases. We have done our best, but we are not wizards and it is a fact that cannot be disputed that merchandise purchased after this date will cost more than what we are offering now.

**ADVERTISEMENT.**  
Sealed bids for the paving and all accessory work necessary for paving on the streets described below in Paving District Number Two, City of Bismarck, North Dakota, will be received by the Board of City Commissioners until eight o'clock p. m., Monday, Oct. 1, 1917: On Rosser street from the east line of Fifth street to the west line of Sixth street; on Thayer street from the east line of Fifth street to the west line of Sixth street; on Fifth street from the north line of Thayer street to the south line of Rosser street; and on Sixth street from the north line of Thayer street to the south line of Rosser street.  
Bids will be received on the following kinds of paving laid on a concrete base: Cressed wood black with standard specifications, bitulith and sheet asphalt. Bids will be received on the items of earth excavation and filling, concrete curb and on concrete base, separately from the paving, and the City Commission reserves the right to award the contract on each item separately as the best interest of the city may appear. Bidders are required to state the rate of interest and improvement warrants shall bear (not exceeding seven percent per annum), which are to be received and accepted by them at par in payment for the work. All of said work to be done according to and in accordance with the plans and specifications prepared by the City Engineer, approved by the City Commission, and filed in the office of the City Auditor.  
The following approximate quantities are given for the guidance of the bidders:  
2,500 cu. yds. of earth excavation.  
6,650 sq. yds. of prepared foundation.  
1,000 lin. ft. of straight concrete curb.  
140 lin. ft. of curved concrete curb.  
140 lin. ft. of concrete headers.  
60 lbs. of reinforcing steel.  
6,650 sq. yds. of street paving.  
Bids will be received providing for the completion of this work November 1st, 1917.  
Each proposal must be accompanied by a certified check in the sum of Five Hundred (\$500) Dollars indorsed or made payable to the President of the Board of City Commissioners of the City of Bismarck, as a guarantee that the bidder will enter into a contract for the performance of such work in case such work is awarded to him, within ten days after the acceptance of his bid, and in case any bidder to whom such contract shall be awarded, fails or refuses to enter into such contract when requested to do so, such check accompanying his bid shall be retained by the City as liquidated damages for such failure.  
Each proposal must also be accompanied by a bond running to the City of Bismarck in a sum equal to five (5) per cent of the amount of his bid as provided in section 2797 of the Compiled Laws of North Dakota for 1913. Plans, specifications, estimates and blank forms of proposals are on file in the office of the City Auditor, or can be obtained from the City Engineer upon application. Each bid shall be securely sealed and endorsed "Proposals for Paving District Number Two".  
Bidders must specify in their proposals that, should the above work be

**RESOLUTION.**  
Commissioner Bailey introduces the following resolution and moves its adoption. This motion was seconded by Commissioner Bertsch:  
Be it resolved, by the Board of City Commissioners of the City of Bismarck, North Dakota, that it is necessary and that the Board of City Commissioners hereby declare it to be necessary to construct paving on Rosser Street from the east line of Fifth Street to the west line of Sixth Street; on Fifth Street from the north line of Thayer Street to the south line of Rosser Street; and on Sixth Street from the north line of Thayer Street to the south line of Rosser Street and on Thayer Street from the east line of Fifth Street to the west line of Sixth Street in Paving District Number Two, according to the plans and specifications of the City Engineer, which plans and specifications were approved and placed on file with the City Auditor this tenth day of September, 1917, and notice is hereby given to all property owners of a majority of the property liable to be assessed for construction of said pavement that if within fifteen days after the first publication of this resolution the owners of a majority of the property liable to be assessed for the improvement do not file with the City Auditor a written protest against the construction of said paving, then the Board of City Commissioners shall be deemed authorized to construct the same.  
State of North Dakota,  
City of Bismarck, SS.  
C. L. BURTON, City Auditor of the City of Bismarck, North Dakota, do hereby certify that the foregoing is a true and correct copy of the original resolution as passed by the Board of City Commissioners at a regular meeting held on the tenth day of September, 1917.  
Dated Sept. 11, 1917.  
C. L. BURTON, City Auditor.
